Transfer of Police subordinates from their native places.

251. *MR. P. S. MOHAMED: Will the Government be pleased to state:

(*a*) whether the present Inspector-General of Police has taken any policy of transferring the Police subordinates from their native places; and

(*b*) if the answer is in the affirmative, the policy with the reasons underlying it?

MR. S. PARTHASARATHY AIYANGAR: (*a*) Yes.

(*b*) A series of complaints of unlawful interference by Policemen working in their native places were received and during inquiry the fact that the Policeman was a native and had very undesirable contacts and bias came out prominently and instructions were issued to District Superintendents of Police to see that men are not posted to their native places and that those serving in such stations are gradually moved out.

The duties of the Police are such that it would be extremely undesirable and unhealthy to have men working in areas where their proprietory interests and intimate relatives and friends are. Affairs concerning them were frequently coming up before them in their official capacity.
